FYI. Keith has asked for a meeting next Friday. I will attend with Sharon.

Thank you,
Mindy Clements, Superfund

Thanks, Sharon. I really appreciate all the work that you are going through.
Next week is OK with me, but unfortunately I cannot do Wednesday, 1/25. I
can do Thursday morning, 1/26. I can also do Friday, all day except the lunch
hour (I'm having lunch with Debbie Jordan). Will either of those time slots work
for you?

Hi Keith,

I am working on getting documents together for you. There are actually 18
Eckel's List sites in LA County, so it's taking a little longer than I'd initially
planned. I should have a set of documents to share with you early next week
(Monday or Tuesday). After you have a chance to review them, we can talk on
Wednesday, 1/25. Does 2:30 work for you? I'd like to involve Mindy and Harry in
the discussion and it looks like they are both free at that time.

Thanks,
Sharon

Sharon, when is a good time to talk this week? If it is easier, we can start
with just the two of us. Here are some times that work for me:

2/18 before 9:30 am
2/19 before 10:30 am
2/20 after 11:30 am

Let me know what works for you.

Keith

Hi Keith,

I'm working to gather the information to respond to your request. We can talk further with Mindy and Harry when I have it all together, hopefully by early next week.

Thanks,
Sharon

Sharon:

It has been a long time since we last talked. I'm happy to see that you are now working in Superfund, my old home. As you may have heard, I'm working for Los Angeles County helping them on Exide. When the County heard about the ghost smelters, they asked me to find out what I could from EPA. Looking at the list, I believe that there are four ghost smelters in the County. Could we do a short phone call sometime tomorrow or Thursday morning? I would like to learn more about the background and some of the basic information that you might have. Please let me know what times are convenient for you.

Thanks!!!

Keith
